WasteWatch

FREE FOR CLEANUP GROUPS

Your cleanups deserve more than *a group chat.*

WasteWatch gives your organization one public home: an event page people can join, a results page with photos and kilos, and a profile that adds it all up. Keep your WhatsApp and Instagram. This is where it all lands.

What you get *today*

An event page people can join

Date, meeting point, what to bring and a map. People RSVP in one tap and ask questions in the comments. Share one link in your WhatsApp group, on Instagram or on a poster.

Results that stay up

After the day, post photos, kilos and what you found. Everyone who joined gets notified, and the results stay on the event page.

A profile that adds it all up

Every cleanup, total kilos, volunteers and your team on one public page. It's the link you send to sponsors, schools and the city council.

Your past cleanups too

Ran cleanups before WasteWatch? Add them with their photos and results, so your profile shows your full track record from day one.

THE OFFER

It's free, and I'll set it up *with you.*

Free for organizations and volunteers, with no ads.

- ✓ Your profile and next cleanups set up with you on a 20-minute call
- ✓ A direct line to me for problems and ideas
- ✓ Your past cleanups added, with their photos and results
- ✓ A real say in what gets built next

LAGOS, PORTUGAL

Beach cleanups with locals, travelers and nomads

HOW IT WORKS

1. Set up your organization
2. Post your next cleanup
3. Clean up
4. Post the results
